REMARKS

~~25X1~~

25X1

1.

2.

the following movements of

25X1

a. From noon to 1:30 p.m.: Motor convoys moved through Kolkovitz (N 52/A 47) coming from the direction of Cottbus and proceeding toward the tuberculosis sanatorium and the municipal forest. Included among the convoys were trucks towing an artillery piece, and truck carrying troops with red-bordered black epaulets.

25X1

b. Between 2 and 3:15 p.m.: Motor convoys, including trucks
all of which were towing artillery pieces.

c. From 3:15 to 5 p.m.: Several individual vehicles and small convoys, which proceeded in the same direction. Trucks [redacted] towing an artillery piece, were observed.

25X1

25X1

The artillery pieces observed had large disk wheels with rubber tires. They were coupled to small limbers. No further details could be made out as the guns were covered with tarpaulins. **

Comment. [] was reported from Cottbus in November 1949 and probably belongs to an unidentified air force unit. [] belongs to the [] unit of an unidentified bomber regiment in Cottbus.

* Comment. Kolkwitz is situated 3 km west of Cottbus. The strength and type of the convoys cannot be inferred from the report. They probably belonged to an AT artillery unit of one of the mechanized regiments of the 9th Vozz Div, which was engaged in a field exercise.
